

Morgan County Mental Health Resources

Mental health is a vital aspect of our overall well-being, influencing how we think, feel, and interact with the world around us. It encompasses our emotional, psychological, and social well-being, playing a crucial role in our daily lives and resilience in the face of challenges. Recognizing the importance of mental health support, this resource list aims to provide a guide to various services and tools available for individuals seeking help.

PREVENTIVE SERVICES

Boys & Girls Club of Morgan County

The Boys & Girls Club of Morgan County is a guidance organization for all area youth, ages six through 18 years. Their mission is to empower all youth to grow to their full potential to be responsible, caring, and productive citizens. Through club programming and mentoring, led by caring adults and young-adult staff, youth learn skills and experience success in academic performance, the practice of positive character and leadership, and in making appropriate choices for sustainable healthy lifestyles. Boys & Girls Club alumni credit the clubs with saving lives and providing hope and opportunity for the kids who are most in need.

Clarity

Clarity is committed to providing professional, compassionate care that shows how much you matter while delivering holistic prevention, intervention, and restoration care and resources. Through Clarity's holistic care and proven resources, they offer everyone who walks through our doors a judgment-free, safe place to address the physical, emotional, social, mental, and spiritual aspects of their life. Clarity's holistic care is focused on helping every individual invest in themselves, empower them to make wise decisions, and find healing based on education, truth, and compassion. Clarity strives to help everyone experience the freedom needed to build a healthy foundation and realize the value of every aspect of life through prevention, intervention, and restoration care. This includes pregnancy services, ultrasounds, STI testing and treatment, counseling, resources, restoration care groups, school education, women's health care, and parenting courses – all designed to help those in our communities right where they are and at no cost to the individual.

YMCA of Morgan County

The YMCA of Morgan County's mission is to put Christian principles into practice through programs that build healthy spirit, mind and body for all. They seek to enrich the community by leading, collaborating, and providing a safe environment for growth. They do this by focusing on: Youth Development, Healthy Living and Social Responsibility. As part of their mission, their programs are accessible, affordable, and open to all faiths, backgrounds, abilities and income levels. They provide financial assistance to people who otherwise may not have been able to afford to participate.

MENTAL HEALTH CARE

Catholic Charities Indianapolis (CCI)

CCI provides accessible and affordable mental health counseling services for both adults and children. Counseling can address physical, psychological, and emotional needs regardless of the ability to pay using in-person, telehealth (video) and telephone counseling. Professional counseling is available on a sliding fee scale, based on income. They also accept Medicaid, Medicare, and a variety of private insurance. In-person counseling is offered at IU Health Morgan.

Choices Coordinated Care Solutions

Choices provides mobile crisis response for anyone struggling with mental health and/or substance use. The service is available 24/7 to anyone in Henry, Johnson, Morgan and Shelby Counties. Choices responds within an hour to a person currently in crisis, works through the crisis with the individual, then provides an additional 30 days of support to try to connect the person and/or family to longer term services.

Mobile response to the location of the crisis.

463-252-3765

IU Health Morgan

At IU Health, you'll receive support to cope with life's most difficult challenges. After reviewing your symptoms and identifying the behavioral health condition affecting you, they will recommend a plan of treatment. IU Health is Indiana's largest adult psychiatry outpatient program. They provide a full spectrum of adult care. Their focus is to study, diagnose, treat, and prevent mental disorders. From diagnosis through treatment and recovery, their doctors offer innovative treatment options. They have vast expertise in treating many psychiatric disorders.

<https://socialwork.iu.edu/dswp/index.html>

LPS Behavioral Health

LPS Behavioral Health is a family-operated practice rooted in the belief that everyone deserves to be met with dignity, respect, and genuine care. From their earliest days serving central Indiana, their mission has been to create a warm, welcoming environment where people of all ages can feel safe sharing their stories and getting the support they need. Over the years, their practice has grown, but the focus has stayed the same: listening first, honoring each person's unique circumstances, and providing thoughtful, individualized care. Whether you're seeking therapy, ADHD and autism testing, psychiatric services, or other support, they work together as a team to help you and your family move toward greater stability, clarity, and wellbeing.

Peace Restored

Peace Restored is a nonprofit, trauma-informed behavioral health organization serving Morgan County and surrounding communities. They provide compassionate, evidence-based, person-centered care for individuals ages 16 and older experiencing trauma, anxiety, depression, abuse, grief, life transitions, substance use challenges, and other behavioral health concerns. Services include individual counseling, Peer Recovery Services, care coordination and case management, trauma recovery groups, psychoeducational classes, mental health coaching, community education, and faith-integrated services for those who desire them.

Peace Restored values collaboration and works alongside healthcare providers, schools, first responders, social service agencies, churches, and other community partners to connect individuals with the right care and support. Together, they strive to promote hope, healing, and recovery throughout the community. Referrals are welcome. The team responds promptly, completes an intake assessment, and connects each individual with the services that best meet their needs.

Foundations House (Stability First)

Foundations House is a transitional house in Morgan County that offers individualized recovery programming for men facing addiction and crises. The Foundations House recovery residence is a structured program, with guidelines and a level system. Because they understand how challenging early recovery can be to navigate, they ask that the men focus solely on their recovery for an extended period of time prior to finding gainful employment. Foundations House also understands that recovery is a process. While the estimated stay is six – nine months, residents may stay for up to two years, depending on progress.

765-343-8030

<https://www.stabilityfirst.org/foundationshouse/>

Groups Recover Together

Groups Recover Together provides effective and affordable treatment to recover from opiate use. The opiate recovery treatment community provides medication (Suboxone) and weekly therapy sessions with other people recovering from opiates. While such medicines should typically be used for 18-24 months, the community at Groups Recover Together is for life. This program provides medication-assisted treatment and group therapy.

Healing Harbor (Stability First)

Healing Harbor, the John D. Randall Recovery Engagement Center, believes recovery and wellness happen through collaboration. No single organization can meet every need, which is why Healing Harbor partners with agencies throughout Morgan County to connect individuals and families with the resources and services that best fit their situation. Rather than duplicating services, Healing Harbor helps fill gaps through peer recovery support, resource navigation, family support, educational programming, community partnerships, wellness activities, and referrals for housing, employment, treatment, healthcare, and other essential services. Whether someone is seeking recovery support or simply doesn't know where to start, Healing Harbor provides a welcoming place where hope, healing, and connection begin.

Hope Recovery Collaborative (HRC)

HRC is a welcoming and supportive space for individuals on their recovery journey. They recognize that recovery is not one-size-fits-all, and are committed to providing resources, training, and community support to empower individuals to build lasting wellness. Through quarterly trainings, online community, and special events, they offer opportunities for connection, education, and encouragement for those navigating the challenges of recovery.

*This program is meant for peer recovery coaches, not the general public.

<https://www.peacerestored.net/hope-recovery-collaborative>

Indiana Dream team (IDt)

IDt is an 18–36-month, faith-based residential program. This includes but is not limited to an 18-month residential phase, followed by an 18-month transition phase. IDt's mission is to repair self-destructive behaviors such as drug and alcohol abuse, physical and mental abuse, getting to the root causes of addiction, and nurturing troubled and broken men into wholeness.

<https://www.idtmin.org/>

Indiana Recovery Alliance

The Indiana Recovery Alliance is a statewide grassroots organization dedicated to the implementation of harm reduction interventions, public health strategies, drug policy transformation, and justice reform in Indiana and throughout the Midwest. Visit the website for resources about harm reduction evidence and research, naloxone training materials, and safe consumption sites.

812-567-2337

<https://www.facebook.com/indianarecoveryalliance/>

Magdalene House (Stability First)

Magdalene House is a transitional house in Morgan County that offers individualized recovery programming for women facing addiction and crises. The Magdalene House recovery residence has moved away from its early roots as a shelter and is now a structured program, with guidelines and a level system. Because they understand how challenging early recovery can be to navigate, they ask that the women focus solely on their recovery for an extended period of time prior to finding gainful employment. Magdalene House also understands that recovery is a process, which is why residents can stay at the Magdalene House for up to two years.

Morgan County Substance Abuse Council (MCSAC)

MCSAC is driven by the desire to see positive change happen within our community. They provide free programming and skills training to people of all ages throughout the county in an effort to reduce the incidence and prevalence of substance misuse by adults and youth. Additionally, MCSAC recognizes that substance misuse overlaps many areas of concern. To address issues such as mental and emotional wellness, suicide, and human trafficking, they offer education and resources to Morgan County residents throughout the year.

New Life Recovery Center (MCSAC)

New Life, a place for connection, support and recovery is located in Mooreville and provides resources and a central point of contact for individuals and families seeking to overcome substance use disorders. Their goal is to help individuals navigate the path to recovery by fostering community and providing the necessary tools and support for a healthier life. Peer navigators and volunteers provide Alcoholics Anonymous meetings, Narcotics Anonymous meetings, family support meetings, and veteran support meetings. They also offer classes focused on reducing stress and anxiety, along with a safe, stigma-free environment where individuals can socialize, enjoy a snack, and connect with others in recovery. Their resource room includes snacks, free books, a computer, printer, and a welcoming space to meet with a sponsor or simply relax and spend time in a supportive environment.

Recovery Works

Recovery Works Martinsville provides comprehensive inpatient and outpatient services for adults. They will provide educational, behavioral, and counseling programs as needed to promote the health and well-being of adults throughout the state of Indiana and other states in the region. Recovery Works Martinsville provides a true full continuum of care, the first campus of its kind in Indiana. Also on campus, Martinsville Treatment Services will provide outpatient opioid addiction treatment through medication-assisted treatment including methadone, buprenorphine (Suboxone), and Vivitrol, once open. Open 24/7.

SCHOOL-BASED SERVICES

Adult & Child Health

Beginning July 1, 2026, services previously provided by Adult & Child Health will be provided under the name Centerstone of Indiana.

Centerstone

Centerstone offers school-based therapy in more than 150 counties across all regions in the seven states it serves.

Providing integrated mental health treatment for children and adolescents, school-based therapists work within preschool, elementary, middle, and high school facilities, helping students overcome behavioral, emotional, or social barriers to help students thrive academically, socially, and emotionally.

Youth First, Inc.

Research says the presence of one caring adult can make a difference in the life of a child, and that's the kind of support Youth First mental health professionals provide students in partnering schools. They are specialized mentors who are readily available to assess and address student, family, and school needs, serving partner schools across 14 Indiana counties. They provide an array of prevention and early intervention strategies for individuals, groups, and the entire school community. They also coordinate with community partners to connect students and families to resources and services. Students can be referred to a Youth First mental health professional by teachers, school administrators, parents, caregivers, peers, or may self-refer.

HOUSING SERVICES

WellSpring / HopeSpring

At WellSpring, they are committed to providing emergency shelter and comprehensive supportive services for families experiencing homelessness. Their goal is to empower residents on their journey towards self-sufficiency and stability. Their facility features 9 apartment units, where residents can stay at no cost. While residing at WellSpring, dedicated staff collaborate with community partners to support families in developing a plan for obtaining permanent housing. At WellSpring, they provide a nurturing environment, focusing on support, encouragement, and resources to help residents thrive.

<https://wellspringcenter.org/wellspring/>

At HopeSpring, they believe that stable housing is the cornerstone of a brighter future. Their program offers permanent supportive housing, a nationally recognized and proven solution for families experiencing homelessness. By integrating affordable apartments with comprehensive, community-based supportive services, they empower families to achieve lasting stability and independence. HopeSpring is dedicated to serving families with long-term differing abilities, including mental illness, physical or developmental challenges, or chronic health conditions. Their approach focuses on providing the support necessary for families to maintain stable housing.

HopeSpring offers flexible, tailored services that respond to the specific needs of each family, ensuring that they receive the most effective support possible. Their services are designed to build independent living and tenancy skills, equipping families with the tools they need to thrive in their homes. They connect families to vital resources, including healthcare, transportation, and other community services, helping them navigate their journey towards self-sufficiency.

Dial 988 and then push 1 or <https://www.veteranscrisisline.net/>

COALITION RESOURCES

Morgan County Better Communities Coalition (BCC)

Serving Morgan County since 2021, the BCC mission is to engage the Morgan County community by forming focused task forces that identify key issues facing our residents, develop actionable solutions, and improve quality of life for all. These task forces include long-term affordable housing, short-term/emergency housing, food insecurity, mental health, transportation, childcare, and business & economic development.

<https://mcbettercommunitiescoalition.org/>

Morgan County Coalition for Literacy (MCCL)

The formation of the MCCL has effectively widened the scope of literacy efforts in the county. Volunteer tutors now have access to more materials. They share ideas and training with more people. Dozens of students throughout the county can receive instruction. MCCL also has formed collaborations with groups as diverse as Churches in Mission, Stability First, and the Central Indiana United Way Read Up! Program to help more people and promote a culture of literacy in Morgan County.

<https://www.morgancounty-literacy.org/>

Morgan County Healthy Community Coalition (HCC)

The Morgan County Health Department (MCHD) and the YMCA of Morgan County have partnered to form Morgan County's HCC, a countywide effort focused on chronic disease prevention, with an emphasis on obesity and obesity-related conditions.

MCHD 765-342-6621

Morgan County Mental Health Task Force (MCMHTF)

The MCMHTF comprises members from various organizations and individuals. With commitment and enthusiasm, the task force strives to enhance awareness, diminish stigma, and improve access to mental health services.

Morgan County System of Care (SOC)

Morgan County SOC is an organizational philosophy and framework that involves collaboration across agencies, families, and youths for the purpose of improving access and expanding the array of coordinated community-based, culturally and linguistically competent services and supports for children and youth with a serious emotional disturbance and their families. Systems of care engage families and youth in partnership with public and private organizations to design mental health services and supports that are effective, that build on the strengths of individuals, and that address each person's cultural and linguistic needs. A system of care helps children, youth, and families function better at home, in school, in the community, and throughout life.

Morgan County Health Department (MCHD)

The MCHD is dedicated to improving quality of life by promoting, protecting, and providing for the health and safety of its citizens. This is achieved by conducting quality services which create a clean and safe environment and healthy lifestyle for the citizens of Morgan County, developing programs that protect against the spread of disease, keeping citizens informed and prepared for natural and other disasters, and maintaining the well-being of all citizens through public health education. The MCHD nurses oversee the issuing of Narcan.

Under the Umbrella, LLC

Eating disorders and disordered eating impact individuals psychologically, physically, and nutritionally. Because of this, treatment may be needed from many professionals which can include a psychologist, dietitian, psychiatrist, and exercise specialist. At Under the Umbrella, they focus on a multidisciplinary approach with a collaborative group of professionals in the community specializing in the treatment of eating disorders and disordered eating. Initial intake is \$220; therapy sessions are \$180. Insurance policies accepted are Aetna, Anthem/BCBS, Cigna, and United Healthcare.

Adult & Child Health Crisis Center

The Crisis Center is a safe, comfortable, monitored care environment that provides adults (18+ years old) with mental health, addictions and primary care services, as well as access to an on-site behavioral health prescriber. Services will be available to immediate walk-ins, persons brought by family or friends, and those referred by healthcare providers, mobile crisis teams and/or first responders.

What to Expect:

- Utilizing a “Living Room” approach to assessment and stabilization, persons treated at the Crisis Center will receive individualized support and services from a peer recovery specialist, masters-level therapist, and a psychiatric prescriber who can prescribe medication, if necessary, in a calming therapeutic setting.
- With consent, the team will work with individuals to create a plan for on-going services if additional care is recommended.

8320 Madison Ave, Indianapolis Side B

Hours of Operation:

Monday – Saturday

9am – 9:30pm (*last admission at 8pm*)

Closed on Sunday

If you are in immediate danger, call 911.

If you or someone you are with is in emotional distress or there is a suicidal crisis, call 988.
